

Cascade Clamps

Cascade Clamps - Cascade Manufacturing Company was established in Portland, Oregon in the year 1943. They started out as a small machine shop at first employing 4 people. Product sales for their first year of operation amounted to about \$60,000. The very first recorded sales revenues involved the machining and assembly of stainless-steel valves, pipe fittings and different components. Through 5 years of operation, the company had stretched to 40 employees and their annual sales volume had increased to three hundred thirty thousand dollars. At present, Cascade is among the top worldwide makers within the material handling industry.

Design and production of the company's original hydraulic cylinder allowed this new business to aggressively engage in better business opportunities. Throughout the last sixty years, the trade of material handling has grown into a really complex area with Cascade proudly playing a part in its development. Cascade at the moment continues to grow as the leader provider of forklift accessories and numerous associated products. The company feels assured in their potential to continue to lead the way in the business by understanding client's needs in the future and remaining competitive within the world market.

In the nineteen fifties, Cascade began designing, fabricating and promoting hydraulic attachments. Construction was finished in 1956 on a new office to be able to house all office and plant operations in Portland, Oregon at the company's current headquarters. Subsequent to fifteen years of business, total employees reached a hundred and eighty employees and sales had reached practically two million three hundred thousand dollars.

1959 in Springfield, Ohio a second production plant was built. 1960 marked Cascade's initial transfer into the global world of the material handling industry as the company recognized interest in the Netherlands, England, and Australia.

In 1964, the business altered its name to the Cascade Corporation. Then in 1965, the company went public with an initial offering of two hundred thousand shares of common stock. Ever since then the business has expanded its manufacturing services within the continental US to the places Warner Robins Georgia to go along with its already present plants in Springfield, Ohio and Portland, Oregon. Cascade merchandise are fabricated globally due to a lot of subsidiary operations. In 1994, a new facility was accomplished in Almere, the Netherlands which is Cascade's European command center. This facility is made to be the essential customer service centre.

Continuing to grow, Cascade expanded their product offering further in 1996 and 1997 with the impressive acquisition of 5 corporations, including the global best in blades, the Kenhar Corporation.
